

The patented Napure Mirror (Japanese Patent No. 3732490)

Napure Mirror, Gloss and reflection proved by the patent

A high-class mirror more excellent than others to reflect the real color of your skin as seen by others

High Class Mirror

EL-02

3-WAY COMPACT Napure Mirror

Vertical setting For eye-make-up mirror

Usage of eye-make-up mirror

- 1 Open the mirror as illustrated on the right and set the top mirror surface opposite to the bottom mirror surface.
- 2 Move your face close to the mirrors and look into the mirrors.
- 3 The top mirror reflects your "upturned eyes".
Convenient for drawing eye lines on the rim of eyelids.
- 4 The bottom mirror reflects your "downcast eyes".
Convenient for checking the adhesion of false eyelashes and the eye lines already drawn.

★ Adjust the slant of the mirrors according to your use.

Horizontal setting For triple mirror
