

Professional Model for More Enjoyable Makeup

# EYE MAKEUP MIRROR enables you to check your eye makeup from the directions unable to see in a single mirror

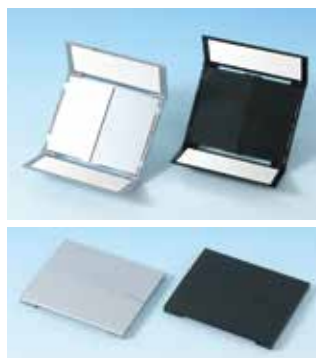

Triple, quadruple and five-sided compact mirrors convenient for carrying

Looking into the mirror, you can check the five aspects of your eyes, upturned eyes, straight eyes, downcast eyes, and eyes viewed from the right and left sides, most of which you cannot check in a single mirror. The mirror will offer more enjoyable makeup to you.

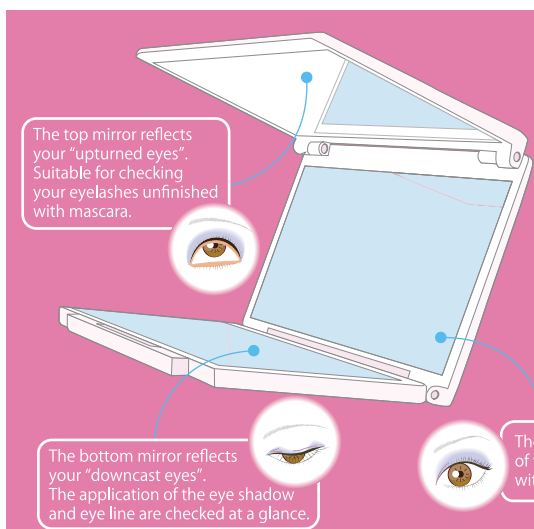

HA-5

Material	[Frame] ABS resin [Mirror] five-sided glass mirror

Five-sided Mirror

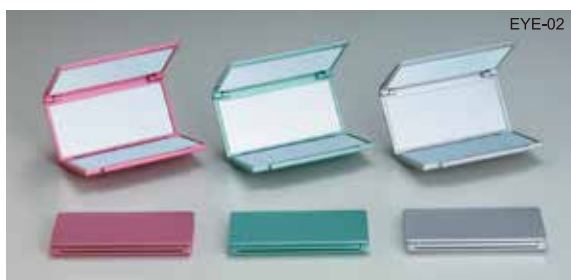

Quickly check your eye makeup you cannot watch in a single mirror. The mirror supports easy and comfortable eye makeup by showing your upturned eyes, straight eyes and downcast eyes.

Usually you can only check your eye makeup by watching your straight eyes in a single mirror.

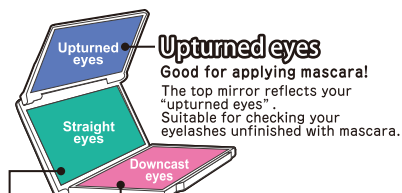

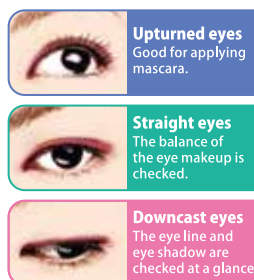

The mirror can be opened and set to the slant suitable for your eye makeup, and enables the checking of your upturned eyes, straight eyes and downcast eyes at once.

The triple mirror for eye makeup gives you a comfortable and fulfilled makeup which is often difficult in a busy morning.
